

Tom wants to buy a second-hand car. Yesterday he saw four cars and made some notes about them. Read Tom's notes. Look at the pictures. Answer the questions (1–5).

This is the biggest of the four cars, but it's the oldest and the noisiest. It's also more difficult to drive in the city than cars B and C.

This is the cheapest of the cars I saw and it's also the smallest, so you can park it more easily than the others. It is not as old as car A, but it is older than the other two.

This car is more expensive than car B, but it's more comfortable for long trips. It's as expensive as car A, but it's more modern and easier to drive.

This is the car of my dreams! It's the fastest and the most modern of all, but it's also the most expensive! I haven't got that much money!..

1. Car B is ... than cars C and D.

- A) red
- B) older
- C) bigger
- D) nice
- E) cheapest

2. Car C is ... and ... than car B.

- A) more expensive/modern
